\* This list is a record of artists who have lived, worked or studied in Birmingham and artist-led projects that were based here but no longer exist. It combines Eastside Projects' knowledge with information from texts written for Birmingham Show and suggestions sent via social media. Inevitably it is incomplete.

We will add to this document during the exhibition so by 11 April, when the exhibition ends, the list you see here will be far more comprehensive than it is now. If there are people or projects you think should be included please speak to a member of the Eastside Projects team or email [info@eastsideprojects.org](mailto:info@eastsideprojects.org) and we will add them in.
